Maximum User Weight: 159kg/350lbs

Treadmill Dimensions: 214(L) x 82(W) x 144(H) cm

Product Weight Assembled: 150kg / 330lbs

Vision Fitness—T60 Commercial Treadmill

The T60 for example boasts a whopping 3.0hp digital motor. Vision understand that running can be quite a high impact form of exercise so the T60 uses a custom made UltraZone cushioned running deck, this drastically reduces the level of impact on your knees in particular allowing you to contrite in the workout at hand.

◆ Powerful digital drive system

Unlike analog drive systems, our internally cooled, continuous-duty motors and digital drive systems assure smooth, consistent power for a reliable workout every time

◆ Easy accessibility

Low step-up height on our treadmills give users easier access to the equipment

◆ Convenient accessory storage

Large storage compartments provide a space for keys, mobile phones, MP3 players, and a water bottle
